

Sponsorship/Business Partner Registration

SIP is a not-for-profit association serving Sarasota and Manatee Counties. Our members are employed in the insurance/risk management industry or for businesses that provide insurance-related products &/or services.

We serve our members by providing professional education and an environment in which to build business alliances.

We also support the community, most notably through our annual distribution of \$4000 in scholarship funds to current and former Sarasota/Manatee county high school seniors.
